SEA LAB SCHOLARSHIP

**New Bedford Public Schools Sea Lab Summer Program** – The Sea Lab Marine Science Education Center is a New Bedford Public Schools summer school program supported through tuition and the Local Education Agency. One of the fundamental elements of the Sea Lab program is its focus on providing educational equity for all public-school students. With a \$27,500 award from the NEP, Sea Lab will provide scholarships to up to 40 students to enable more minorities and economically disadvantaged youth in New Bedford to participate in the environmental studies program. The NEP funded a student initiative to install water bottle filling stations and provide reusable bottles to reduce the single-use plastic water bottles by the school. The NEP also funded a field trip to Cuttyhunk Island in Buzzards Bay, a whale watch off Cape Cod, and a weather station for the school.

Dr. Joe Costa is the Director of the Buzzards Bay National Estuary Program and a graduate of the Sea Lab Program.
